EHS Policy

POL-DCS-EHS-001

Effective Date: 1/1/14

Reviewed:

**DCS is committed to conduct business in a manner that protects the safety and health of all personnel involved in its operations, to respect and care for the environment and to preserve the physical resources of the client company.**

**To accomplish this DCS will:**

Promote a culture encouraging the development, implementation and continuous improvement of business management systems which protect personnel and the environment and the client's assets.

Establish principles and policies regarding environmental protection, health and safety, land access obligations, and in doing so, develop and maintain measurable objectives to focus the company on continuously improving performance.

Communicate environmental, health and safety responsibilities to every individual within the organization and hold personnel accountable.

Identify, evaluate and control environmental, health and safety hazards through risk analysis.

Monitor and audit ongoing operations as per respective client's policy, to assure conformance to EHS standards.

Confirm that EHS standards and policy are achieving appropriate objectives as per client's requirements.

Identify non-compliance with EHS requirements, promote a culture where all incidents and near misses are openly reported and investigated, take corrective action and verify the effectiveness of those actions.

David W. Sturrock

Managing Director

DCS Pty Ltd
